

Corporate & Company Services

Our corporate team undertakes work in the following areas:

- corporate contracts
- joint ventures
- strategic alliances
- private equity and venture capital
- partnerships
- restructuring and insolvency
- aircraft and ship registration

We advise on all aspects of mergers and acquisitions of both private and public companies, including:

- acquisitions
- takeovers
- disposals
- hive downs
- asset sales

The majority of our merger and acquisition work is complex, high-value and cross-border, with a Bermuda element, or a direct acquisition of a Bermudian company.

Our company team specialises in providing advice and support to individuals serving on management boards. The duties, obligations and liabilities of board members are increasingly onerous and particularly important in respect of stock exchange quoted companies.

Our service includes:

- preparation and distribution of notices and agendas
- co-ordination and attendance at board meetings as required
- documenting resolutions
- drafting minutes

Our company team and secretarial service was established in response to the specific need of our clients for cost efficient and controlled solutions to their company incorporation and ongoing administrative needs. We aim to eliminate the worry of compliance with complex statutory requirements, working in teams with our clients to provide a fast, efficient and personal service.
