

Matrimonial and Family Services

The members of our matrimonial team are specialists in all aspects of matrimonial and family law. We act on a wide range of matrimonial issues including local matters as well as cross-border matters. Our clients include high net-worth individuals of different nationalities including Bermuda, United States of America, United Kingdom, Canada and other European countries. We regularly deal with international matters that are high-value, complex, confidential, and time-sensitive.

We understand the emotional issues and aim to settle issues in a sensitive and caring manner whilst ensuring that our clients' financial positions are protected.

We cover the following areas:

- pre-marriage agreements and arrangement;
- initial advice if you are thinking of separating from your partner;
- divorce and separation;
- issues relating to your children;
- Maintenance;
- domestic issues such as violence.

Our view is that action before the court should not automatically be the sole or even the first recourse when looking to resolve disputes. We actively promote arbitration and mediation and other dispute resolution techniques and prefer to work closely with clients to avoid or reduce the risk of disputes in the first place.

We act for a wide range of clients so if you have any issues please contact us to discuss them.
